(1)

(i) (a) - colour of a production } similar answers
taste of a production }

(b) Number of students in a class } similar answers
Number of pages in the books }

(ii) Select two schools — C.R.D
Within the selected schools apply C.R.D and select students like the following

School	Girls	Boys
I	21	14
II	21	14

Selection of girls and boys corresponding to stratified sampling.
